## **DETAILED ACTION**

### ***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bruce Hamburg on January 29, 2004 (the non-elected claims are cancelled, the limitations of claim 4 are put into independent claim 3, and claim 4 is cancelled).

The application has been amended as follows:

Cancel non elected claims 2, 5, and 6.

In claim 3 line 16, between "circle" and "," insert --, wherein the Ti component segregation ratio and the Mo component segregation ratio in its structure is 1.3 or less each--.

Cancel claim 4.

### ***Reasons For Allowance***

2. The following is an examiner's statement of reasons for allowance: the amendment filed on December 18, 2003 has been entered, thereby overcoming the 112 first paragraph rejections of record. As stated in the "Advisory Action" mailed January 16, 2003, instant claim 1 is allowable over the closest prior art of Floreen (likewise claim 4 is allowable over the combination of JP'465 and Floreen), who does not teach or suggest a maraging steel of the instant compositional ranges, complete with the instant thickness range and Ti component and

Mo component segregation ratios (see arguments filed August 11, 2003, p 8-10). As stated above, the limitations of dependent claim 4 are put into independent claim 3, thereby independent claims 1 and 3 are allowable over the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
